## SOLAR MATERIALS TESTING LABORATORY

5<sup>TH</sup> June 1992

Insultec  
Unit 3, 502 Marmion St  
Booragoon, W.A. 6145

Attention: Mr. Dion Smith

Dear Mr. Smith

Re: Emissivity and Optical Properties Measurements, Ref 15/92

Emissivity measurements have been carried out on "Insulating Paint", in accordance with Australian Standard 1903 – 1976 (with 1979 amendments). The result was an emissivity of 0.89. The optical properties results are enclosed. We will gladly conduct any further testing you may require.

Yours sincerely

Dr. Raffaele Cammarano B.E., Ph.D, Freemantle, W.A., Australia
